## Community Advisory

---

### **For Immediate Release: August 1, 2016**

For more information contact: Capt. Jessica Cates  
Office (812) 526-1499 ext. 61386

**EDINBURGH, Ind.** – The Army National Guard's eXportable Combat Training Capability (XCTC) will be hosting training at Camp Atterbury 1-20 August. XCTX is designed to certify our Indiana Soldiers in a field training environment simulating real world missions to better prepare them for future operations at home and abroad.

Neighbors can expect to see increased convoy and air traffic as well as hear loud explosions and small arms fire that will last into the evening and early morning hours. Many of the exterior gates will be used during this timeframe and Soldiers have been constructed to use extreme caution when traveling near the surrounding homes and communities.

The training being conducted is a necessary part of training and operations to maintain unit readiness for future military operations and keeping our service men and women ready when called to action.

We are committed to building positive relationships with the communities surrounding our installations. The point of contact for any questions or concerns is Capt. Jessica Cates at (812) 526-1499 ext. 61386., after hours at (317) 519-7263. For more information, visit <https://www.atterburymuscatatuck.in.ng.mil/>.
